**MINUTES FROM THE REGULAR MEETING OF THE COUNCIL FOR THE
VILLAGE OF CARMACKS ON AUGUST 15, 2023, IN THE MUNICIPAL COUNCIL
CHAMBERS**

PRESENT: Mayor: Lee Bodie

Councillors: J. Lachance, D. Hansen

Staff: CAO M. Cybulski, A. Wylimczyk

Regrets: Councillors H. Belanger, K. Unterschute, RCMP

Delegation: S. Domingo

ORDER: Mayor L. Bodie called the meeting to order at 7:00 PM.

AGENDA: Council reviewed the agenda.

23-16-01 M/S Councillors J. Lachance/D. Hansen motioned that the agenda be accepted as amended.

CARRIED

MINUTES: From the regular meeting on August 1, 2023.

23-16-02 M/S Councillors J. Lachance/D. Hansen motioned that the minutes be accepted as presented.

CARRIED

DELEGATION:

S. Domingo from the Crusader Church informed council that their Overseas Minister will be visiting Carmacks this weekend and would like to meet with Mayor and Council while he is here.

Council said that it will be a good idea and will meet with the minister on Friday, August 18th at 10:00 am.

CORRESPONDENCE:

5.1. CAO M. Cybulski provided council with the VoC Landfill Handout draft for tomorrow's public meeting. This draft will also be presented to Braeburn and Drury Creek residents as their landfill will be closed once the Carmacks Landfill will be regionalized. Council approved the pamphlet.

5.2. The CAO presented the Landfill Powerpoint presentation to council. He provided the breakdown of costs that occur at the Landfill and the improvements that the regionalizing will bring for Carmacks residents.

5.3. CAO M. Cybulski provided an update on the CDF funding project. He applied for funding for a new Ice edger that the Arena needs to improve the ice surface along the board edges along the slab. This edger allows for proper ice shaving maintenance with the resurface and slabs that are properly edged to maintain a lifecycle of up to 25% longer than non tapered or edged ice surfaces. The purchase of the ice edger is critical as the VoC O&M budget does not include this purchase.

5.4. CAO M. Cybulski informed council about the Prospector Road Work update. Notices have been provided to residents about the scope of work and timeline of construction.

5.5. The CAO told council about the meeting with Mayor and YHC reps for the CMHC/HAF Funding application. Carmacks is the only northern community that applied for funding for housing, and it looks pretty good to receive funding.

5.6. CAO M. Cybulski mentioned that the VoC didn't have much input in discussions with this project and nothing to include.

5.7. CAO informed council that as per Municipal Act the VoC has to set up a resolution to appoint a Municipal Officer Signing Authority which hasn't been done in the past.

23-16-03 M/S Councillors J. Lachance/D. Hansen motioned to set up a resolution to appoint a Municipal Officer Signing Authority.

CARRIED

REPORTS:

Councillor Activity Reports

Councillor D. Hansen has nothing to report. She will be attending the public Landfill meeting tomorrow.

Councillor J. Lachance attended the Fire fighter training at the new Firehall and informed council that a new member has joined the Volunteer Fire Department.

He will also be attending the public Landfill meeting tomorrow.

Mayor's Report

Mayor L. Bodie attending the Grand opening of the newest Yukon Housing Corporation's duplex and the HAF meeting together with the CAO and YHC on Monday.

He will be at the Landfill meeting tomorrow.

CAO Report

CAO M. Cybulski presented Council with a written report and provided updates on the Grand opening of the Firehall which is delayed until September 16th and will coincide with the Klondike Culture Days Festival that weekend.

He informed council of the latest Development Permit applications and told council that he and the PW General manger are going to review permitted and unpermitted developments within municipal boundaries.

The CAO provided an update on Gas Tax funding. The funds will be used for Public Works fleet upgrades as a Capital project. The upgrade is anticipated for late fall in 2023 or early 2024.

CAO M. Cybulski informed council that he is in discussions with Catalis, a website developer. The existing website needs upgrading. The upgrade will include additional features like Work request systems for municipal services, E-permitting system for Business Licenses, development and demolition permits, Business directory, Online Payment processing for property tax and other utilities and more.

Minister of Community Services, Richard Mostyn, is planning community visits to engage with Mayor, Council and CAO. He provided available dates. Mayor and council decided to meet with Minister Mostyn on August 22nd and 23rd, 2023.

Municipal Maintenance Report

No report

Fire Department Report

No report

AYC Report

Councillor D. Hansen reported that she attended the meeting on August 4th. Carmacks will be hosting the AYC Admin Board meeting on September 8th and 9th.

Annual Performance Plan (A.P.P.'S) Community Priorities

Community approved priorities are (1) Drug and alcohol enforcement
(2) Enhance road safety (speeders, impaired driving, and commercial vehicle enforcement)
(3) Youth and community involvement

1. Although call volume was down, over a third of calls members responded to had alcohol as a factor. A percentage of those calls can be attributed to one individual and RCMP have been making continual efforts to offer supports were possible, as it is an ongoing concern. On the enforcement side of things members remain as a steady presence at the Gold Dust Lounge and continue the use of Mandatory Alcohol Screening to deter and catch impaired drivers.
2. A Whitehorse Traffic member was bought in on overtime to assist with manpower coverage as well as commercial vehicle and speeding enforcement while regular members were away on leave or training.
3. Cst. Woodman was invited to and attended a headstone potlach with her family. Members also helped EMS with a BBQ for their pre-grand opening of the new station. School has now started and members have been speaking with teachers about the upcoming year and possible ways that the RCMP can engage with the youth in order to build trust. Cst. Beauchamp continued with his community fitness program but will be taking a break for the upcoming month.

Notable Occurrences:

On August 8th, RCMP were dispatched to a wellbeing concern for a female who hadn't been heard or seen in several days. The matter evolved into a missing persons investigation and extensive searches were conducted. The subject was found within two days from the time of initial reporting.

On August 24th, RCMP were contacted by a mine owner on Mt. Nansen who reported that one of his employees had shot himself. Members attended and investigated in conjunction with the Yukon Coroner. At present time the matter has been deemed non-suspicious with no charges anticipated.

RE: Rezoning Lot 1092

Dear Matthew,

Thank you for taking the time to meet with us regarding the Cultural Center project, the project started many years ago, much work has been completed since then including consultation with the community and LS/CFN regarding the program that will be delivered in the facility, what tenants will be part of the facility, design and where the building should be located for example.

The project site is in Lot 1092, please see the attached drawing. This site was chosen by the community, it is near the existing interpretive center. It can be seen by the highway and is close to the river, which are both important factors. LS/CFN has completed site assessments, topographical surveys and studied the site to ensure that it can receive a septic field and will soon undertake work to build a well on site, a YESAA permit application is in progress. During our investigation and review of the site we noticed that the site is zoned as Parkland and that it will need to be rezoned by Carmacks for the cultural center use.

At its heart the cultural center's goal is to protect, preserve, revitalize, and celebrate LS/CFN Northern Tutchone culture, heritage, and language in addition to this important benefit of the project the centre will attract travelers on the Klondike highway to stay longer in Carmacks. It will also provide local jobs during construction and once it is built through staffing the centre. In

our call we discussed leasing space within the facility to house the Village of Carmacks Visitor's Information Center, the synergy between the Cultural Center and the Visitor Information Centre is strong and we agreed combining the two is a perfect fit. The Cultural Centre is also a space for people to learn, in addition to providing space for the Village of Carmacks, we will be providing space for Yukon University to hold classes and it's administrative offices.

Please consider this as our request to rezone Lot 1092. We will follow with a development and building permit as the project progresses.

Sincerely,

AGENDA

1	WHAT IS AN ARO & INTRODUCTION TO PSAS 3280
2	WHY AM I HERE?
3	WHAT ARE WE TRYING TO DO?
4	WHAT CAN I DO?
5	OPEN DISCUSSION / Q&A

WHAT IS AN ARO?

Asset Retirement Obligation - a legal obligation associated with the retirement of a tangible capital asset

PSAS 3280

What is it?

- **New accounting standard in effect fiscal 2023**
- Established by the Public Sector Accounting Board
- Asset retirement obligations
- Record a liability for costs required to decommission an asset at its end of life or term of use
- **Significant changes to the financial statements and underlying accounting for assets**

ARO EXAMPLE

Gas Tanks

- **Situation**
 - Your organization has several above and underground fuel storage tanks
- **Legal Obligation**
 - Government legislation
 - Often requires removal of fuel storage tank in a specified manner at the end of service
- **Liability**
 - Cost of removal

SO WHY ME?

This sounds like an accounting problem!

- **PSAS 3280 requires a team effort**
- Accounting staff won't know all the answers
- **Different knowledge of assets**
- Adoption requires a variety of expertise
- In some cases, external experts should be involved

ORGANIZATIONAL BENEFITS

IMPACT ON FINANCIAL STATEMENTS

Statement of Financial Position—comparison

As at March 31 2x23	ARO standard	P5 3270
Financial assets		
Cash and cash equivalents	5,000,000	5,000,000
Taxes receivable	165,000	165,000

	2,595,532	2,329,451
Net financial debt	(1,335,532)	(1,069,451)
Non-financial assets		
Tangible capital assets	10,258,233	10,000,000
Prepaid expenses	15,000	15,000
	10,273,233	10,015,000
Accumulated surplus (deficit)	38,937,701	38,945,549

ASSIST WITH ASSET MANAGEMENT

- **Decision making going forward**
 - Engrain the ARO side in future decisions
 - Getting money set aside going forward
 - Timeline for funding - Infrastructure GAP growing?
- **Bringing Future Councils into Asset Management**

FUTURE COSTS WILL BE EVIDENT

- **Making ARO part of the process**
- Becomes part of the evaluation
- Avoids surprises for Councils at tax time
- Better decision making
- Bring it into policy

ASSIST WITH FUNDING DECISIONS

- How often do you get a surprise abatement?
- Boards are focused on budget overruns (as is media)
- When accepting the grant, did you know all costs?

WHAT ARE WE TRYING TO DO?

Step 1

- **Identifying all potential retirement obligations**
- What does the government control and what future costs are required to retire the asset?
- Know what legislation and agreements impact controlled assets.

Step 2

- **Value the obligation**
- **Best estimate** of the amount required to retire an asset
- Is there information available?
- Engineers or other experts likely needed for estimates

QUESTIONS TO CONSIDER

Are there any known assets that require retirement or remediation?

Does the entity control any buildings or structures that contain asbestos?

Are there any assets (including leased assets) with known contracts, agreements or legislation requiring clean up or retirement?

Are there any assets not in productive use that require clean up or retirement?

Has any new legislation come into effect that would require the retirement of any assets?

Are there any other items not yet included on the list where asset retirement obligations may exist?

WHAT ISN'T INCLUDED?

Where NOT to look

VALUE THE OBLIGATION

- **Best estimate**
 - Estimate should include all applicable costs
- **What information is available?**
 - Do you have previous experience with retiring a similar asset?
 - Have you received quotes for removal?
- **Do we need an expert?**
 - If expertise on the team and information available cannot provide an estimate

PRACTICAL TIPS

Valuations and quotes can be costly

- Consider obtaining one per asset group

Consult accounting before obtaining a valuation

- The obligation may not meet other recognition criteria

Do not forget to think about tomorrow

- This is an ongoing journey

INSTRUCTIONS AND GUIDELINES

IT IS IMPORTANT TO READ AND UNDERSTAND THE FOLLOWING INSTRUCTIONS PRIOR TO COMPLETING THE APPLICATION FORM. THESE GUIDELINES ARE FOR REFERENCE ONLY. IN THE EVENT OF A DISCREPANCY WITH THE ZONING BYLAW, THE ZONING BYLAW PREVAILS.

1. Information Requirements:
 - a) An application shall not be considered to have been received until all application requirements have been submitted to the satisfaction of a Development Officer.
 - b) Notwithstanding a) above, a Development Officer may consider an application if, in a Development Officer's opinion, the development is of such a nature as to enable a decision to be made on the application without all of the required information.
 - c) Failure to complete this form and to supply the required support information may result in delays in the processing of the application.
2. Notification:
 - a) Within five working days after a decision on a development permit application, a Development Officer shall send a notice by regular mail of the decision to the applicant and indicating whether the application was approved or refused.
3. Validity of Permit:
 - a) When a permit has been issued by a Development Officer, the permit shall not be valid unless and until the conditions of the permit, save those of a continuing nature, have been fulfilled and no notice of appeal has been served on Council within a 14 day appeal period.
 - b) When a permit has been approved, the permit shall not be valid until the decision is issued in writing.
4. Permit Conditions:
 - a) A development officer has the authority to issue development permits and, when necessary, impose terms and conditions upon development permits that will bring the project into conformity with the OCP and all applicable bylaws, and will mitigate any undesired effects of the proposed development
 - b) A Development Officer may, as a condition of a permit, require the applicant to make satisfactory arrangements for the payment and supply of water, power, sewer and other services or facilities, or any of them.
 - c) A permit may be refused when, in the opinion of a Development Officer, satisfactory arrangements have not been made for the payment and supply of water, power, sewer or other services or facilities, or any of them or if taxes on the property associated with the permit application have not been paid.
 - d) A Development Officer may, as a condition of a permit, require that an applicant enter into a development agreement that may require the applicant to pay an offsite levy or redevelopment levy or both.
5. Expiry of Permit:
 - a) A development permit issued in accordance with the notice of decision is valid for a period of 12 months from the date of issue.
 - b) A development officer may grant an extension of the effective period of a permit prior to the expiry of the permit; the effective period shall not exceed 12 months and the development officer may only grant such an extension once.
 - c) When a development permit expires, a new application is required. Such application shall be dealt with as a first application and the development approving authority shall be under no obligation to approve it on the basis that a previous permit had been issued.
6. Appeals:
 - a) An applicant aggrieved by the decision of the development officer may appeal to Council within 30 days of the date of the decision.
 - b) Appeal applicants shall be limited to the original development permit applicant and landowner.
 - c) Council shall within 60 days of receipt of an appeal under this section grant permission, refuse permission, or grant permission with conditions.

7. Suspension or Revocation of Permit:

- a. A Development Officer may suspend or revoke a development permit where:
 - i. the applicant fails to comply with the conditions of the issuance of the permit; or
 - ii. any person undertakes or causes or allows any development on a site contrary to the terms or conditions of a permit.
 - iii. the permit was issued on the basis of incorrect information or misrepresentation by the applicant; or
 - iv. the permit was issued in error.

8. Demolitions

- a. Demolition of a structure will only be permitted if the proposed demolition and/or replacement would improve the quality of the built environment.
- b. All service connections must be removed before demolition begins.
- c. An acceptable security deposit of \$1.00 per square foot of the lot under consideration shall be posted by the developer upon issuance of a development permit for a demolition in order to ensure that the intended re-development proceeds.
- d. Demolition must be accompanied by an approved redevelopment plan to the satisfaction of the development officer.
- e. Demolition of a structure listed in the Yukon Government Historic Sites Registry shall occur only in extenuating circumstances, and must be approved by Council in consultation with the Yukon Government Historic Sites.

9. Building Moves

- a. When a structure is being moved off of a lot within the Village, the application must be accompanied by an approved redevelopment plan to the satisfaction of the development officer.
- b. When a structure is being moved off of a lot within the Village, an acceptable security deposit of \$1.00 per square foot of the lot under consideration shall be posted upon issuance of a development permit for the move to ensure that the intended redevelopment proceeds.
- c. Moving of a structure listed in the Yukon Government Historic Sites Registry will occur only in extenuating circumstances and in consultation with Yukon Government Historic Sites.
- d. No person shall move a mobile home from a location within the Village to another location within the Village without an approved development or redevelopment permit.
- e. In deciding on the moving of a building or buildings to a parcel within the Village, a development officer may:
 - i. refer the application to a Yukon building inspector for a recommendation confirming the structure's compliance to the National Building Code
 - ii. require such renovations and alterations as may be necessary for the building to conform to the requirements of the zone into which the building is proposed to be moved, and to conform to the territorial building and plumbing codes
 - iii. refuse to issue a permit if:
 1. there are any taxes or other charges due to the Village with respect to the building or the lot on which it is situated, unless arrangements satisfactory to the Village's chief administrative officer have been made for payment of such taxes or other charges
 2. the building fails to conform to the requirements of this bylaw, the OCP By-Law or the Sewer Bylaw
 3. the building is not compatible, in the opinion of the development officer, with the character and appearance of existing buildings in the area in which the building is to be located
- f. The development officer may require a performance bond to be posted or a certified cheque in the amount of the established cost of the required renovations or alterations.

Street & Public Space Use Permit Terms and Conditions

1. The applicant is required to submit a Street & Public Space Use (SPSU) Permit Application a minimum of five (5) business days prior to project start time.
2. Failure to abide by the SPSU Permit will result in a void permit and a stop-work order being issued by the Village of Carmacks.
3. All fees and the deposit (if required) must be paid in full for a SPSU permit to be valid.
4. All roads, construction, utility, and landscaping work affecting public property must be completed to Village of Carmacks standards. If the Applicant fails to do so, the Village may undertake such work and bill all costs of such work to the Applicant and collect such costs in the same manner as fees and taxes.
5. All work shall be done in compliance with Occupational Health and Safety regulations and applicable Municipal, Territorial and Federal bylaws, guidelines, acts or regulations.
6. Full access to the Closure area will be given to RCMP members, Peace Officers, Bylaw Enforcement Officers, Municipal Compliance Officers, Chief and Deputy Fire Chiefs and Public Health Officers. At no time shall these persons be hindered or obstructed in the course of their duties.
7. The permit holder must provide written notice one week in advance of the temporary closing of an access to a home or business to all property owners and/or residents who may be affected by the closure.
8. Vehicular and pedestrian access to properties shall be maintained at all times unless coordinated with affected property owners one week in advance of the permit start date.
9. If required, it is the responsibility of the permit holder to coordinate with adjacent property owners for the use of their land.
10. All road surfaces and sidewalks shall be kept clear of obstructions and/or debris, to avoid hazards or inconvenience to the public.
11. Signs, cones, barricades, and all other traffic control devices to protect and control pedestrian and vehicular traffic in the **Closure** area shall be used in accordance with the *Manual of Uniform Traffic Control Devices for Canada* (Transportation Association of Canada).
12. The permit holder shall be responsible for all loss and damage of any nature or kind caused or arising directly or indirectly from any temporary closure of public land.
13. The permit holder agrees to indemnify the Village of Carmacks against any and all claims for damage or injury.
14. The permit holder shall provide proof of insurance to the Village of Carmacks upon request.
15. When the permit holder requires an extension of the permit or a change to any of the conditions under which the permit was issued, the permit holder shall apply for such change at least 48 hours in advance.
16. In the event of unforeseen circumstances after work commences that require an extension of the permit or a change to any of the conditions under which the permit was issued, the Village of Carmacks Bylaw Enforcement service will evaluate on an individual basis the conditions of the permit and any additional fees.
17. The Public Works General Manager for the Village of Carmacks reserves the right to alter and make reasonable changes to written permit before said permit action commences.

Director's Update:

Dear Council,

CIMCO Training has been completed and we are excited for ice season! Jake from the CGC has been working with our crew to start preparing the arena for the system to be turned on mid-September. I am waiting for an update from CIMCO regarding their community visit here to announce a tentative date that the ice will be ready—we are planning for late September.

Our team has really come together in the past month to execute various events and help each other out. We all have talents we bring to the table, and it has been an interesting development in creating sub-committees with our staff in planning programs and events, and various staff taking leadership on projects that interest them. We are building a team full of community leaders here, and the enthusiasm and responsibility people are bringing has made a very big difference in our efficiency here at the complex.

I am very excited for our upcoming events and have been working closely together with external organizations to offer attention-grabbing activities here in the community. Please let me know if you have any ideas or things you would like to see!

Event & Project Reports:

*Please see digital photos in file in relation to event reporting

Village PWGM Report

Capital Projects:

The boardwalk rebuild is well underway, it is steadily progressing, but I feel that the progress is not fast enough. I have been in contact with the project management company and have relayed my concerns about how long things are taking and how I and the Village would like to see the pace picked up.

Culvert and head wall at municipal office. I worked to get deficiencies in the work that was completed corrected and paid for by the General Contractor.

Landfill planning of new operations being completed.

Worked to make sure deficiencies in the new firehall are taken care of by the General Contractor.

Equipment and Fleet Gas Tax

I have been researching what equipment and what size of equipment would best suit our current and future needs.

I have priced out loaders and excavators with many different manufacturers and dealers, the quotes are currently rolling in. I also have been pricing out attachments and tires for current and future equipment that would make our PW team more efficient.

Pricing out fleet and upfitting. I have spoken to all the manufacturers who billed the type of vehicles we need and to numerous dealers to get the best pricing. I have researched what we need and what we currently have that can be kept or repurposed (Rec F450 into Garbage truck for ex.)

Looking into and pricing out a proper Steam and Vac truck.

Readying for Winter

Making sure our PW team has the equipment and gear ready for winter well in advance of snowfall. Getting blades fixed, ordering minerals, getting them set up with proper winter gear etc.

Safety of PW and AFO team

I would say our team in general are a safe and responsible team. But I would like to see the use of more standard PPE, I am implementing the use of safety glasses at all times and the use of hard hats at the necessary times. I am still receiving the PPE and it will take some time to get these new things

ingrained in our working culture. I am working on updating our handbook and getting some other processes in place.

Accountability

I am working on ingraining a sense of accountability with the 3rd party contractors who do work for and in the VoC, making it known that they will be expected to do work properly, fix defects and clean up after themselves. (Making sure the culvert situations was fixed, informing & billing Northwestel for clean up of cut brush, billing contractors for improper dumping at landfill ect.)

Landfill Fire

We had an underground fire at the landfill where the brushings and grubblings are put. Our PW team did a fantastic job as well as fire Captain Dennis in handling the situation. I also received emergency assistance from Pelly construction and am grateful for that help.

Billing and Invoicing

I have and will continue to make sure that our PW team is getting paid for additional work they must do that is outside of their normal scope. Billing NWTEL for ex. I am also looking into additional revenue streams. Big Picture things.

Thoughts After 1 Month

I have some work to do to get our fleet, our PPE and our equipment up to the standard that I would like to see. That being said, Our PW, AFO and Recycling team are fantastic, they have great timekeeping habits, are skilled, knowledgeable and work well with each other. They have all the right building blocks to create the best PW team in the territory.

AUGUST 2: CALL OUT: MITCHELL, MURRELL and VANDECAMP responded to a structural fire located at the coal mine campground canteen/restaurant. During the original dispatch, a person driving by observed flames through the window of the restaurant. Upon arrival, a coal mine restaurant worker was on site and provided keys to enter the back door. CVFD extinguished the fire by the means of extinguisher prior to using minimal water to ensure extinguishment while preserving and minimalizing damage to property. The owners were advised to have an electrician inspect prior to use.

AUGUST 17-18: CALL OUT: MITCHELL and LACHANCE responded to a fire located within the VOC landfill. Debris and brush that has been back hauled and stored from the various construction projects ignited. A VOC worker also actioned the fire on August 19.

Given the amount of debris/duff within, smouldering can occur for weeks/months. A burn plan would be recommended to completely burn the debris this winter or when practical and safe to do so.

AUGUST 28: CALL OUT: LACHANCE and VANDECAMP responded to an MVI located at McGregor Creek on the North Klondike Highway. CVFD responded based off of hearing of the incident within the construction, LADD radio. Upon arrival, RCMP, Nurse and a few citizens were on site of the incident on the north bound shoulder. The ATCO service truck caught the ditch and rolled several times. CVFD secured the scene, safety, traffic control and assisted with Aid on the individual. CVFD used new rescue truck to transport nurse and individual back to the health center. No EMS on call.

The Honourable Nils Clarke

Minister of Highways and Public Works
Government of Yukon
P.O. Box 2703
Whitehorse, Yukon
Y1A 2C6

Dear Minister Clarke:

The Village of Carmacks is expressing their interest in pursuing the transfer of all municipal streets and roadways from Yukon Government - Highways to the Village of Carmacks municipality.

This request is of great interest on behalf of Village of Carmacks' Mayor and Council based on the rationale of the following: Municipal operational scope of the roadways included in this request that are a service responsibility of the Village; the resulting financial benefit to the municipality as increased asset capacity on annual financial statements; and the resulting increase to our Comprehensive Municipal Grant through the asset maintenance factor.

Each specified rationale for this request would compliment the municipal need for an increased depth of resources concerning the operation and ongoing maintenance of this critical service infrastructure.

Therefore, as per section 5 of the Highways Act, we are requesting to *formally transfer the municipal streets and roadways from Yukon Government - Highways to the Village of Carmacks municipality.*

We respectfully request your consideration of this request.

Lee Bodie - Mayor

The Honourable John Streicker
Minister of Community Services
Government of Yukon
P.O. Box 2703
Whitehorse, Yukon

Dear Minister Streicker:

The Village of Carmacks had been without a Finance Officer since May 2022. The VoC was operating under the financial department direction of a finance contractor throughout this time. The new Finance Officer for the VoC started July 10th, 2023.

At this time, the audit has been submitted to the auditor however, the auditor has stated they require until September 30th, 2023 to complete all requirements.

Therefore, we are requesting to extend the date we are required to complete the VoC's audited financial statement to September 30, 2023 as per section 371 of the *Municipal Act*,

We respectfully request your consideration of this request.
