

Community Composting is Coming to Carmacks

You Can Participate In 3 Easy Steps

1 Pick up your household bin at the SWF or at VoC's main office

2 Add acceptable biodegradable materials

- vegetables
- meat
- small bones
- eggshells
- dairy
- fruits
- all edible liquids

3 Take to the Community Composter

When Is This Happening?

Bins available: **Sept 2024**

Ready for Collection: **End of Sept 2024**

What are the benefits of composting?

For your household

Sorting your waste saves you money

For your community

Reduces landfilling costs and makes soil for everyone

For your environment

Reduces your landfill's greenhouse gases and makes landfilling less toxic

Compost is FREE to drop off!

Beyond Composting - Waste to Energy Pilot Study

In partnership with BBG & BES, VoC is developing a waste-to-energy pilot study to turn waste into community wealth. Coming summer 2025.

Food Waste

Renewable Natural Gas

- Heat
- Hot Water
- Electricity
- Vehicle Fuel

Biofertilizer

- Farms
- Gardens
- Landscaping
